

Our Clear Up Is Your Opportunity

Here is where you will find the plums in the \$11,000 bankrupt stock of Webb and Mears. Come and get the pick of the stock before the auction begins.

One lot of good quality matting that was cheap at 10¢, will sell now for 11¢.

One lot of ladies' fine shoes, lace or button, honest value at \$1.25, will be closed out for 95¢ per pair.

We have about 100 coats and capes left that will be sold for less than cost.

10 dozen men's laundered and unlaundered shirts, will be sold at factory cost, without freight.

We have hundreds of other marvelous values. Come and inspect our goods, that will convince you. Store for rent.

No. 28 Queen Street

FINANCE AND COMMERCE

Market Quotations From the Leading Business Centers.

CHICAGO MARKETS.
CHICAGO, Nov. 3.—More peaceful news abroad today and a slack export demand, together with a heavy increase for October in European stocks, caused a decline in wheat. December closed 1-26 1/2. Corn lost 1-8. Oats advanced 1-4. Pork left off 2 1/2. Higher. Lard 2 1/2-56c and ribs 2 1-26 higher. The leading futures ranged as follows:

NEW YORK STOCK MARKET.
NEW YORK, Nov. 3.—The market practically retrieved today the losses of the last two days, the majority of the railroad stocks closing within a small fraction of last Monday's prices. There was considerable irregularity at the opening, due to the depression in London. There was a good deal of activity in the specialties, and changes in the railroad list were almost unappreciable, though the market held a very hard surface. Trading was dull, almost to the point of stagnation until the last fifteen minutes, when the most notable gains were made. The movement started with a sudden advance of nearly four points in Metropolitan Street Railway and Consolidated Gas, followed with an almost equal gain in Paul preferred sold at 182 1/2, a new high record and Great Northern preferred jumped over a point. Other railroad stocks, which extended their net gains to a point or over, were Omaha, North and Denver preferred. Gains in the grangers and Northern Pacific and one or two other stocks approximated a point.

The market was held through the early dealings by the strength of sugar, which rose above 115 and closed after various fluctuations. Tobacco and federal steel preferred showed a hardening tendency, but were much less active than of late. The recovery in stocks was attributed to relief over the more powerful prospects abroad, as indicated by the recovery in British consols, the easing of the discount rate in London and the weakness of the market in London. London bought in this market for the first time in several days. In view of these developments and the continued ease of the local money market the advance in sterling and continental exchange is difficult to account for.

The total sales of stocks today were 194,200 shares.

NEW RAILWAY LINE

Peninsula Company Desires to Construct One.

THE NEW ROUTE OUTLINED

Not a Mere Parallel of the Present Line
Franchise Application to Council.

Dr. Flecker Chosen Council Chairman
Other Locals of Interest.

Newport News and Hampton are to be linked anew in bonds of steel. In other words another electric railway is to connect the two towns. That fact became generally known last night from the application of a franchise for a new line to the town council of Hampton for franchise, rights of way and the requisite privileges.

The company making the application is the Peninsula Railway Company, and it was made through their local attorney, Mr. Francis F. Causey. The scheme is not a new one, though it had, perhaps, passed out of the public memory until the recent application for franchises in Newport News was made. But the Peninsula Railway Company was incorporated under an act of the General Assembly, passed in 1898, in the legislative charter of Newport News.

Messrs. W. A. Post, L. P. Stearnes, Frank Lee, W. E. Cottrell and A. L. Parker are named as incorporators. Mr. Lee is a Hampton man and Mr. Parker from Elizabeth City county, all the other being well known Newport News gentlemen. The minimum capital stock named in the charter is \$100,000 and the maximum \$200,000, and the Daily Press representative is reliably informed that the actual capital behind the enterprise is far the maximum figure.

The route of the proposed railway line, after leaving the corporate limits of Newport News, is thence to the Brimfield road, thence on or near that road to the intersection of the Scone's Dam road, thence on or near the said road to or near the Newmarket school, and thence to and into Hampton via Queen street extended; thence across to Lincoln street and down that thoroughfare across King street to Wine from Wine and Lincoln branches will run to Queen street, but the main line will continue along Wine street to Matlory avenue, across Hampton creek on the present bridge, or upon a bridge to be erected, and on to the left of and past the Hampton Electric College to East Hampton. Just where the eastern terminus of the line is to be is not definitely stated.

The same company recently made application for a franchise in Newport News. Last night a similar application was made to the Hampton council.

While necessarily a competing line, the proposed road does not touch the right of way now held by the Virginia College of the Newport News and Old Point Railway and Electric Company. There is reliable authority for the statement that if the desired rights and franchises can be secured without delay the new line will be pushed to completion in a few months.

TOWN COUNCIL MEETING.
Dr. Flecker Elected to Succeed Mr. Booker—Other Business.

The town council met at 8 o'clock last night in its chamber in the courthouse; present Mayor Hope, president, and Messrs. Whiting, Cunningham, Schermerhorn, Williams and Bryant.

The minutes of the last monthly meeting were read and approved. Mayor Hope submitted his report, which was received and filed.

The town sergeant submitted his report, which was similarly disposed of.

The finance committee, headed by its chairman, Mr. Whiting, made a verbal report that there was available \$100 for the purpose of uniforming the police. The committee recommended the appropriation of that amount for the purpose. The report was adopted, and an ordinance ordered drafted to carry the case.

Mr. Cunningham, chairman of the fire committee, reported that the condition of the fire engine had demanded that it be sent away for repairs. Inquiry elicited the fact that the repairs necessary could be made most expeditiously at Newport News, and the matter was referred to the fire committee with power to act.

Hostler W. J. Daugherty, in a communication, stated that he preferred his work and salary to a furlough, and on motion he was allowed his preference.

The committee on the application of the Peninsula Railway Company, headed by Mr. Cunningham and by citizens. On motion of Mr. Whiting the matter of violation of contract was referred jointly to the health committee and town attorney with power to act.

On Mr. Whiting's motion the rules and regular order of procedure were suspended in order to allow Mr. Causey, of Hampton, and certain Newport News gentlemen who were present to address the council.

Mr. Causey briefly stated that he and his associates were present with a view to securing a right of way within the corporate limits for an electric railway line from Newport News to Hampton. He had drafted an ordinance covering the case, and Mr. John G. Livezey, of Newport News, then briefly outlined the history and plans of the Peninsula Railway Company, which proposes to build the line.

The draft of the ordinance covering the case was then read by the clerk. Under the terms of the ordinance the maximum fare in Hampton is to be 5 cents, and the maximum fare between Newport News and Hampton 10 cents. The railroad company is to pay to the city for the franchise and privileges granted \$300 annually, which sum shall cover and include all municipal taxation. The franchise is to run fifteen years from date. The incorporators named are Messrs. W. A. Post, L. P. Stearnes, Frank Lee, W. E. Cottrell, A. L. Parker and John G. Livezey.

Under the terms of an ordinance adopted last April, all proposed ordinances must lie over for thirty days before action upon them is taken. Messrs. Causey and Livezey urged upon the council the value of prompt action, inasmuch as time was now an important consideration with the company. Its legislative charter was now open for limitation in February, 1899, and it was desired to begin work as soon as practicable in order not to vacate the charter. Mr. Causey stated that the company was now in position to build the road and to do it at a very low cost. The route, while definitely outlined, had not yet been surveyed, and there was much work to be done. Inquiry elicited the fact that the
